Dear Dr. Kelly:

Many thanks for your reply of May 10. I am gratified to learn that your action in disinviting our analysts was not prompted by objection in principle to their participation but rather to the sponsor's failure to identify them in the program. While I regret they were unable to attend the conference and believe reaction would have been minimal, if any, I appreciate your taking the time to respond to my letter. We will try again next time.

Sincerely,

A handwritten signature in dark ink, appearing to read "W. J. Casey", written over the typed name and title.
